Dear HR,

I am writing to submit my application for your new Senior Coordinator, Committee Coordinator, Learning & Development Lead And Industrial Engagement Manage positions and believe that I am the candidate that you are looking for.

I have worked directly as an Information Technology professional for a large Computer Science companies since graduating (2002) with a MS in computer science almost 15 years ago. I have become a valued and essential part of the team because of my focus on practical solutions to issues with technical coordination, development & testing, user support systems and IT systems. I have also had a key role with input into developing new technology projects within the companies.

I have knowledge and experience that cover all aspects of your new job role, including:

- Technical Coordination
- Research Work
- IT infrastructure including LAN, WAN, VPN and VoIP
- System security, Cyber Security
- Design and administration of networks and servers
- Data storage and cloud computing
- Software implementation

- Network optimization

Although, your company works in a different field with different system requirements I am sure that I abilities and knowledge to be a valuable part of your team. I am an admirer of your company's innovative and forward-thinking approach to IT systems and your early-adopter approach to new developments. This is a dynamic working culture that I would like to be a part of.

This has included implementing the most cost-effective solutions and introducing more cost-effective systems that have not only improved performance but also the company's bottom-line.

In my current role I am running software house with the name 'enterprise Research & Solutions And enterprise Resources & Solutions in a fast-paced environment and I am confident that this is what you are looking for. I would welcome the opportunity to discuss this with you further and I am available for a conversation at any time. I look forward to hearing from you. Thanks for your time.

Kind regards,

Muhammad Imran
